“Gaza is experiencing a humanitarian emergency, but when bombs are not falling, the international community pays little attention.”

Aimee Shalan, CEO of our partner MAP

Help the most vulnerable in the Holy Land this Christmas by supporting our Gaza Appeal

The challenges facing the Gazan healthcare system

In a year which marks one decade since the Israeli blockade of the Gaza Strip began, Palestinian political unrest has resulted in further issues for our most vulnerable patients.

Gaza is currently facing its worst ever energy crisis resulting in extreme electricity shortages. This has caused sewage to wash up on Gazan beaches and undrinkable water to pour from taps (as even the most basic water treatment plants can no longer function). It also means our Gaza Hospital is functioning solely on its emergency generator, at great cost.

The hundreds of patients who travel from Gaza to our Jerusalem Hospital for treatment each year are those with the most complex eye conditions, many of which cause debilitating vision loss.

This is challenging as over 50% patients or their companions are delayed or denied permits to travel for healthcare by the Israeli authorities (WHO, June 2017).

Recent politics have also directly affected the healthcare system throughout June and July of this year. In order to put pressure on Hamas the Palestinian Authority had limited referrals of the majority of medical patients for treatment in Jerusalem. This means for St John the cost of their treatment fell to our limited Patient Relief Fund to ensure all received the treatment they needed.

St John is focussing on increasing our ability to deliver treatment within the Gaza Strip to ensure patients will receive the treatment they need regardless of the political climate surrounding them.

We are proud to say it has been a year of remarkable growth in our most challenged hospital.

New medical conditions covered within Gaza

A tired surgical team pose for a selfie after performing a record 20 cornea transplant surgeries in three days at our Gaza Hospital, July 2017.

OUR MISSION TO INCREASE ST JOHN'S ABILITY TO PROVIDE EYE CARE FROM WITHIN GAZA

We have delivered almost 500 major operations from within the Strip in the first half of 2017, almost double the amount compared to the year previous.

This included 40 major corneal transplants – the first surgery of its kind performed in our Gaza Hospital. The logistics of this alone is a triumph - the

operation is hard to achieve as it involves the transportation of donated corneas (often from the US), then through the Israeli and Palestinian Authority borders into Gaza, as well as organising permits for our Jerusalem medical staff to travel to Gaza. As a result our team perform many operations during their short visits. Dr Abu Hantash travelled twice to Gaza to perform two sets of 20 surgeries in three

days. An exhausting, but rewarding feat!

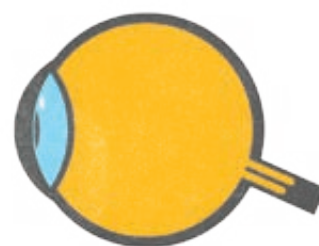

2017 has also seen our first vitreoretinal treatments in Gaza begin as our new expert on the condition Dr Mahmoud Ghonim got his hands on our state-of-the-art equipment this year. This wonderful combination has resulted in no vitreoretinal patients left on our referral list for Jerusalem.

Finally, Dr Al Walid has returned from his fellowship in India to treat Glaucoma. This is a horrendous condition which can cause often irreversible damage if not treated in time. It is suffered by children in the region who would often be separated from their parents when travelling to Jerusalem for surgery (as they would not be given permission to travel together) – now they can hold their mother's hand whilst awaiting their daunting surgery.

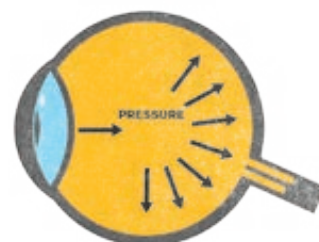

500

**MAJOR SURGERIES
DELIVERED WITHIN
GAZA JAN-JULY 2017**

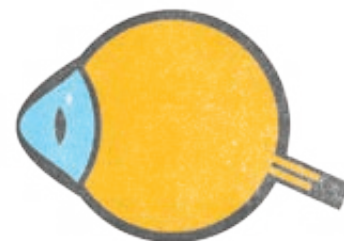

**NEW CONDITIONS
COVERED:**

NORMAL EYE

GLAUCOMA

KERATOCONUS

RETINOPATHY

45% In **2017**
of Gazans are our Gaza
unemployed Hospital:

Trained **15** new ophthalmic
nursing assistants

Recruiting for the Future

This year we completed training of fifteen nursing assistants in Gaza, some of whom work in our hospital and others who are delivering care in all corners of the Strip.

Three new medical residents have also been recruited to train

under our experts in Jerusalem. We are offering full training for Cornea, Oculoplastic and Paediatric sub-specialties. By next year we should be able to proudly add these conditions to the list of those treatments available within the Gaza Strip.

Recruited **3** new medical
residents who will cover:

- > **PAEDIATRICS**
- > **CORNEA**
- > **OCULOPLASTICS**

Meaning the Gaza Hospital
will eventually no longer
rely on Jerusalem-based
medics to provide treatment.

Hope On Wheels

Children pose whilst waiting for their eye check up at a Mobile Outreach Clinic in the Gaza Strip, September 2017. Photograph: Fadi Thabet

Finally 2017 is the year we are delighted to launch our Mobile Outreach Programme in the Gaza Strip.

Our Mobile Outreach Programme launched in the West Bank in 1980 and is an absolutely vital service which now

sees over 18,500 isolated and vulnerable patients each year. Its launch in Gaza will allow us to reach our most marginalised patients in Bedouin communities and refugee camps.

Mobile Outreach in Gaza - Centres visited so far:

1. Palestinian Medical Relief Society - Jabalia
2. Ard Alinsan - Gaza City

4. Women Graduates Association Gaza
5. UN Women Program(Beach)
6. Tawasel Association
7. Afaq Association
8. Palestinian Medical Relief Society
9. Ard Alinsan - Khan Yunis
10. Palestinian Medical Relief Society Beit Lahia
11. Palestinian Medical Relief Society Rafah
12. Palestinian Red Crescent Centres

Why we need your support: Lena

Two-year-old Lena holds hands with nurse Ahmed Amer, as she prepares for her 6th Glaucoma surgery at St John Eye Hospital in Jerusalem.

Two-year old Lena is from an isolated Bedouin community in the Gaza Strip.

Due to lack of eye care services her glaucoma was overlooked as 'beautiful big eyes', leaving her almost blind.

An ideal situation would have been for the condition to have

been caught earlier, and it is likely that Lena will struggle with her education and employment as she has very limited vision.

Although Lena has little chance to see well again St John Eye Hospital is doing everything in its power to save the little sight she has left.

In her short life, Lena has had to travel six

times to Jerusalem for surgery and check-ups to treat her debilitating condition.

As her mother and father are denied permission to travel with her for these frightening surgeries it falls to her elderly grandmother to accompany Lena. However our Jerusalem staff do everything they can to make Lena feel safe and at ease prior to her surgeries.

St John launched its first Mobile Outreach in Gaza this year, providing education and screening services across the troubled region. Under the programme glaucoma cases like Lena's will be caught and treated earlier, saving the sight of many where Lena was less fortunate.

Wish list

1. Patient Relief Fund **£Any amount**

Support the most vulnerable in Gaza by funding their vital treatment.

2. Cornea Transplants **£1,700 each**

We plan 100 of these of these operations in 2018.

3. Tonometers **£2,500 each**

We need three more digital tonometers to fight Glaucoma in Gaza.

4. Slit Lamps **£23,000 each**

We urgently need three Slit Lamps in Gaza, used for most medical diagnoses.

Help the most vulnerable this Christmas

Give the Gift of Sight to the people of Gaza this Christmas by supporting our Gaza Appeal.

The more we develop our services in Gaza, the less our Gazan patient's eyesight will be at the whim of the tumultuous political situation in the region.

This Christmas we ask you to support our mission to end preventable blindness in Gaza. Donate to our Gaza Appeal by contacting

our office, going online (<https://www.stjohneyehospital.org/support-us>) or by returning the donation form at the back of Jerusalem Scene.

News Flash 2017

1. Archbishop Visit

We were delighted to welcome The Archbishop of Canterbury, Justin Welby, during his trip to the Holy Land where he visited a number of Palestinian communities, expressing his "profound grief and sorrow" after hearing the testimonies of Palestinians living around the West Bank and Gaza. The tour included a visit to our hospital in Gaza and a press conference held in our new Muristan Clinic's Peace Garden in Jerusalem.

Every day St John globally acts in the service of humanity and no more so than in the troubled and challenged location of Gaza, where we moved from our previous small clinic to our much larger new hospital last year. The Archbishop was greatly impressed by the high standards of our Gaza Hospital, adding that "the generous humanitarian care you provide is inspiring."

The Archbishop of Canterbury meeting our Gaza Hospital Staff, accompanied by Nursing Director Ahmad Ma'ali, our Chairman Nicholas Woolf, previous Consul-General for Britain to Jerusalem Dr Alastair McPhail and trustee Dr Maged Abu Ramadan.

On the visit, our Chairman, Nicholas Woolf, commented that: "The motto of The Most Venerable Order of The Hospital of St John of Jerusalem is 'For the Faith: In the Service of Humanity (Pro Fide, Pro Utilitate Hominem).' This was one of those moments where the two halves come together in their most powerful expression. St John is proud of its Anglican heritage and faith and a visit by the Head of the worldwide Anglican Church is a rare and privileged moment."

We are honoured that the Archbishop took time from his busy schedule to visit our Hospital and services, and hope that it represented a positive beacon of hope in a region that desperately needs it. Pro Fide, Pro Utilitate Hominem.

2. St John Ophthalmic Association

In April, the St John Ophthalmic Association (SOA) held its first scientific congress in Jerusalem, with a guest list of 60 ophthalmologists which included doctors from St John, Moorfields, Hadassah and other European ophthalmologists. The SOA was established by ophthalmic practitioners across the world to support the St John Eye Hospital Group. The aim of the Association is to broaden the ophthalmic expertise available to St John and its staff, and to include all physicians interested in supporting the work of the hospital. If you would like to get involved please get in touch.

3. Our Muristan Peace Garden hosts its first event

Within the old walls of Jerusalem, lies a hidden

treasure that has been recently restored to welcome all our guests and curious visitors - our new Muristan Peace Garden. Upon arrival you feel a great sense of tranquillity, like time itself has stopped. You find yourself immersed in the arms of the past but with the fresh air of the present, with the sound of the church's bells and the mosques calling from the ancient times of the city.

It was within this atmosphere our first Muristan event began with the launch of a new book by the esteemed author Malcolm Billings.

If you would like to use our Muristan Peace Garden for your own event, or visit this piece of historical history please get in touch. Profits from events in the garden go to St John to support our charitable work.

The Mayor of the Royal Borough of Kensington and Chelsea Councillor Marie-Therese Rossi with Guild Chair Sarah Shilson at last year's Gift of Sight Fair.

Gift of Sight Fair

Sarah Shilson, Chairperson of our Fundraising Guild who organise our fabulous annual Gift of Sight Fair, would like to invite all St John Eye Hospital supporters to come along to our festive celebrations.

"This year's Gift of Sight Fair is on Wed 29th of November in Chelsea Old Town Hall and we are looking forward to a fantastic day. For daytime shopping we will be opening from 11am and in the evening from 6pm we are having a special Gala Reception in the presence of his Royal Highness the Duke of Gloucester, (advance tickets only which you can purchase at: <https://billetto.co.uk/e/215415>)

We have a wide selection of stall holders, selling a range of items including gourmet foods.

There will also be some exciting new stallholders, so we are sure that

everyone will find something they will love. If you have been before you will know that this is the buzziest party to start the Christmas season. It is perfect timing to find some unusual and ethical Christmas presents and perhaps a little indulgence for yourself. 10% of all sales will go toward the wonderful

work of St John Eye Hospital so in effect each purchase also includes a gift of sight.

Please do come down with your friends and family and join in the festive fun!"

Word from a Stallholder...

Upcoming Events

Brompton Oratory

Join us to walk in the footsteps of St Thomas at our Annual Brompton Oratory lecture on **October 12th**

Author and photographer Serena Fass will talk us through her third book which follows the Apostle's journey across the world. Buy tickets via <https://billetto.co.uk/206837> or contact the office to order tickets over the phone or by post.

Gift of Sight Fair

Join the festive fun at this year's Gift of Sight Fair on **Wednesday 29th November** at Chelsea Old Town Hall.

Buy tickets for the evening reception via <https://billetto.co.uk/e/215415> or contact the office to order tickets over the phone or by post.

"Zaytoun love being part of the Gift of Sight Fair - it's a wonderfully festive event, where we can show case our artisan Palestinian products and support a great cause. And it's a chance to do our own Christmas shopping from the unique and ethical offerings from other stalls!"

Heather Masoud,
Director of Zaytoun

Employees of the month

If you would like to sponsor any of these individuals please get in touch.

February 2017:

● **Wasim Dirani** (Porter) treats patients well and is pleasant to all staff and visitors.

March 2017:

● **Suhair Wild Ali** (Staff Nurse) is very cooperative, flexible and has initiative.

April 2017:

● **Maureen Meo** (Medical Coordinator) has taken an important role in the transition period in the medical department.

May 2017:

● **Hilal Misk** (Cleaner) shows initiative, and is loyal to his job.

June 2017:

● **Marie-Claire Boyle** (Marketing and Events Officer) produced outstanding marketing and is flexible with her time.

July 2017:

● **Salim Abu Jibneh** (Guard) proved his loyalty and commitment to the hospital and his position.

August 2017:

● **Ahmad Qaraqe** (Staff Nurse) is a dedicated nurse who in a short period has proved to be an active team member in the infection control department.

Jamil Abu Hani, Theatre Coordinator (second from left), poses with three staff members in his department who were nominated for awards: Khitam Hasanat, Lina Babeh and Ahmad Qaraqe.

The Professor Saul Merin Memorial Award
Presented by Mr Guy Morton,
Board Trustee

Dr Mohammad Daraghmeh
– *Clinical Assistant*

Victoria Sheffield-Pyle Cup for Research
Presented by Dr Anne Coleman,
Board Trustee

Khitam Hasanat – *Staff Nurse*

Employee of The Month - August 2017
Presented by Mr Herbert von Bose,
Board Trustee

Ahmad Qaraqe – *Staff Nurse*

Head Orthoptist Judith Musallam poses with Trustee David Verity after winning the McDougall Cup.

Mahmoud Ghneim receives his award from Dr Maged Abu Ramadan, surrounded by the St John Board of Trustees at our Gaza Hospital, September 2017. As Dr Ghneim is unable to leave Gaza to collect his award in our Jerusalem Ceremony – the board came to him.

In Memory

Jean Smythe Irving

Jean Smythe Irving was admitted to the Order of St John as a serving sister in 1995, after decades of volunteering. Among many roles at St John, Jean was one of the regular team of members acting as stewards at Investitures as well as helping with background tasks at the office of Priory Affairs at St John Gate and a keen supporter of the work done for the Eye Hospital in Jerusalem. It was here the St John Eye Hospital Group London fundraising

team became best acquainted with Jean as she was one of the few regular volunteers who showed up every season to help with the mail out of this very newsletter. Jean lived up to the aims of St John – 'Pro Fide' for the faith and 'Pro Utilitate' for the service of mankind. She will be greatly missed.

Lady Moyra Browne

Lady Moyra Browne served as the St John Ambulance Superintendent-in-Chief

between the years of 1970 and 1983. Lady Browne was made a Dame of Justice of the Order of St John in 1970 and DBE in 1977 and a Dame Grand Cross of St John in 1984. She was a remarkable woman who made a great contribution to St John Ambulance in the UK and worldwide. St John Eye Hospital Group's flags were flown at half-mast in Lady Browne's honour, when she passed.

Sir Clive Bossom

Sir Clive Bossom will be

most remembered for his remarkable career as a Conservative MP who worked closely with Prime Minister Margaret Thatcher. Less known was his involvement in St John. His father, the famous architect Sir Alfred Bossom, was the brains behind our beautiful East Jerusalem Hospital. Sir Clive followed in his father's footsteps and was an avid supporter of St John Eye Hospital. We are thankful for the priceless historical snapshot he provided with photos of our Jerusalem Hospital build, pictured above.

Supporter's Corner

Celebrating your fantastic achievements for St John Eye Hospital

Knights Templar member Angus Rhodes almost died from lung failure due to a blood clot but is now doing a series of strength and endurance tasks based on Heroes of Old to raise funds for St John Eye Hospital. (Read more and support Angus at www.justgiving.com/fundraising/Angus-Rhodes).

British Palestinian Optician Sarah Pencott stands in front of the 500 pairs of glasses collected from Opticians across the UK. Sarah personally delivered the glasses to our Anabta Clinic on a recent visit to her father's homeland - who trained at St John before moving to the UK.

The Rev Dr Robert Beaken, County Chaplain and Hospitaller of the Essex Priory Group, handing over a £1,400 cheque to the Chancellor, Michael Messenger. The money was given by the parishioners of Great and Little Bardfield Parishes as a lenten sacrifice. Thank you Dr Beaken.

For ways to get involved to help end preventable blindness in Palestine please go to <https://www.stjohnseyehospital.org/support-us/get-involved> or call us on 0207 253 2582

Do you run a St John Youth Programme and would like to teach your Badgers and Cadets about the history of St John? Visit www.stjohnseyehospital.org/cadets-corner to find out more.

Priority Funding 2017 (January - July):
